The Medical Termination of Pregnancy (Amendment) Bill, 2020 is for expanding access of women to safe and legal abortion services on therapeutic, eugenic, humanitarian or social grounds. The proposed amendments include substitution of certain sub-sections, insertion of certain new clauses under some sections in the existing Medical Termination of Pregnancy Act, 1971, with a view to increase upper gestation limit for termination of pregnancy under certain conditions and to strengthen access to comprehensive abortion care, under strict conditions, without compromising service and quality of safe abortion.

Introduction of Surrogacy Regulation Bill 2020 in the Parliament

The Surrogacy (Regulation) Bill, 2020 proposes to regulate surrogacy in India by establishing National Board at the central level and State Boards and Appropriate Authorities in the States and Union Territories. The Bill has been examined by the Select Committee and the report has been tabled in the Rajya Sabha on the 5th of February 2020.

The major benefit of the Act would be that it will regulate the surrogacy services in the country. While commercial surrogacy will be prohibited including sale and purchase of human embryos and gametes, ethical surrogacy to the Indian Married couple, Indian Origin Married Couple and Indian Single Woman (only widow or Divorcee) will be allowed on fulfillment of certain conditions. As such, it will control the unethical practices in surrogacy, prevent commercialization of surrogacy and will prohibit potential exploitation of surrogate mothers and children born through surrogacy.

The Assisted Reproductive Technology Regulation Bill **2020**

This bill follows the introduction in Parliament of the Surrogacy Regulation Bill 2020, and the approval of the Medical Termination of Pregnancy Amendment Bill 2020. These legislative measures are path breaking steps to protect women's reproductive rights.

Once the Bill is enacted by the Parliament, the Central Government shall notify the date of the commencement of the Act. Consequently, the National Board will be constituted. The National Board shall lay down code of conduct to be observed by persons working at clinics, to set the minimum standards of physical infrastructure, laboratory and diagnostic equipment and expert manpower to be employed by clinics and banks.

The States and Union Territories shall constitute the State Boards and State Authorities within three months of the notification by the Central Government. The State Board shall have the responsibility to follow the policies and plans laid by the National Board for clinics and Banks in the State.

The Bill also provides for National Registry and Registration Authority to maintain a Central database and assist the National Board in its functioning. The Bill also proposes for a stringent punishment for those practicing sex selection, sale of human embryos or gametes, running agencies/rackets/organisations for such unlawful practices.
